

## General Information

This shoot is a registered tournament and will be conducted according to the current NSSA rules. It is not necessary to be a member of an organized skeet team to participate in this event. First time members and registered target shooters are welcome and free NSSA membership will be provided to new shooters at the time of registration. WSSA membership is waived for first time shooters.

All events will be shot by the rotation system. Shooters are urged to pre-register in desired rotations as soon as possible. Entries will be closed when club management feels it has enough shooters. Mixed squads will be the option of the management. Each squad will appear at their designated field when the previous squad begins to shoot their last round. A squad or shooter not on the field when called will be dropped to the bottom of entry list.

Ties for Gun Championship, Runner-up and Third in all main events, and Class Places 1-3 will be decided by shoot-offs. All shoot-offs will be doubles from stations 3, 4, & 5, miss and out by station. Shoot-offs will take precedence over long runs.

Shooters need to bring ammo. Reloads are permitted subject to inspection. Shoot-off shells must be furnished by the shooter. Empty shells become the club property once they hit the ground.

It's the shooter's responsibility to verify scoreboard accuracy for both classes and scores. Spectators and competitors assume all risks resulting from accident or loss of property occurring on the club grounds. Management reserves the right to accept or reject any entry.

## Rattlesnake Mountain Shotgun Range "Spring Rattler" May 1-2, 2026
